GENERAL SPECIFICATIONS:

It is the intent of this specification to provide for the purchase of one (1) new all wheel drive utility police interceptor complete with options and in accordance with the specifications contained herein. These specifications are not intended to be restrictive to any one particular brand, but are meant to describe a minimum standard or performance required by the Township of Lower Alloways Creek. Failure to respond to the provisions in the specifications will be deemed sufficient reason to reject the bid. It shall be the responsibility of the bidder to provide manufacturers drawings, blueprints and factory literature which includes all of the information contained in the specifications.

The bidder must also include copies of all warranties in accordance with the specifications.

It shall be the bidder's responsibility to carefully examine each item of the specification. Failure to offer a completed bid or failure to respond to each section of the technical specification will cause the proposal to be rejected without review as "non-responsive". All variances, exceptions and/or deviations shall be fully described in the appropriate section. Misrepresentation in responding to the specifications or not stating where an exception occurs will be cause for rejection.

In comparing proposals, consideration will not be confined to price only. The successful bidder will be one whose product is judged to best serve the interests of the Township when price, product, safety, quality and delivery are considered. The Township of Lower Alloways Creek reserves the right to reject any or all bids or any part thereof, and to wave any minor technicalities. A Contract will be awarded to the bidder submitting the lowest responsible bid meeting the requirements of this specification.

EQUIVALENT PRODUCT:

Bids will be accepted for consideration on any make or model that is equal to the all wheel drive utility police interceptor as specified. Decisions of equivalency will be at the sole interpretation of the Township of Lower Alloways Creek. A blanket statement that equipment proposed will meet all requirements will not be sufficient to establish equivalence. Original manufacturer's brochures of the proposed unit are to be submitted with the proposal. All modifications made to the standard production unit described in the manufacturer's brochures must be certified by the manufacturer to have been in prior successful use for more than two years (including the name of users) and submitted with the bid, or the bids will be deemed "non-responsive" and rejected without further review. Bidder must be prepared to demonstrate a unit similar to the one proposed, if requested.

INTERPRETATIONS:

In order to be fair to all bidders, no oral interpretations will be given to any bidder as to the meaning of the specification documents or any part thereof. Every request for such a consideration shall be made in writing to the Purchasing Agent. Based upon such inquiry, the Township may choose to issue an Addendum to the specifications.

DELIVERY:

Upon award of the contract, the successful low bidder must be prepared to deliver the all wheel drive utility police INTERCEPTOR complete with all options installed, owners manuals, shop manuals and all other miscellaneous items described in the specifications to the Township of Lower Alloways Creek Department of Public Works facility located at: 8 Pecks Corner Road, Salem, N.J., 08079 within one hundred and ten (110) days from the date of the Notice to Proceed or by October 12, 2016, whichever is sooner.
